* With your monthly hosting you get up to 1 hour of support time, which will give you up to 12 pages a month, which could be a combination of new listing, articles and blog posts and additional site pages.

All websites come with up to 2 hours of training for one individual to learn how to update listings, post blogs and articles and add content to the website. Minor incidence support included.

All content with the exception of our Buyers/Sellers pages and contact forms is to be provided by the client.

This includes finding (via creative commons) or purchasing stock photography for articles and blog posts.
